Certificate of Motor Vehicle Block Exemption compliance (Recitals 19, 20 of EU Regulation 461/2010)

We hereby confirm that products supplied by us to **POTOKAR** under the **AISIN** and **ADVICS** brands are auto spare parts of at least matching quality as specified in the Block Exemption Regulation (EC) 461/ 2010. These parts can therefore be used by repairers for normal repair and maintenance of motor vehicles in "authorised repair shops".

Our products were produced respecting the specification and production standards of the manufacturer. The qualitatively equivalent spare parts offered by us are qualitatively equivalent as defined in paragraph 20 of the guidelines.

These parts include:

- Clutches, clutch kits, clutch covers, clutch discs, clutch bearings, dual mass flywheels
- Water pumps, fan coupling, fan blade
- Brake and clutch cylinders, brake boosters, brake calipers
- Oil pumps, pistons, timing belt tensioners

This certificate replaces the former certificate referring to the EU regulation 1400/2002 which was exhausted on 05/31/2010.
